

There's one thing rather marks him
From ordinary geeks.
He hasn't told a Ford yarn
For weeks and weeks and weeks.

YOUNG DESPERADOS

Three Colored Boys Terrorize Neighborhood—Hold Up and Rob Youth.

Monday morning about 10 o'clock the neighborhood along East Third street was the scene of a daring hold-up and robbery on the part of some youths.

Alex. Kirk, aged 13, colored, was playing with three brothers, Odas Fletcher, aged 15; Thomas Fletcher, aged 13, and Walter Fletcher, aged 7, and all went well until Kirk told the boys he had a dollar. Thomas Fletcher asked to see it and Kirk showed him the money, holding it rather loosely in his hand. Fletcher grabbed the dollar and started to run, with Kirk in hot pursuit. After some little distance was covered Fletcher was overtaken by Kirk and thrown down, and while Kirk tried to get the dollar from him Fletcher called to his brothers to help him.

Odas Fletcher and Walter Fletcher ran up and held Kirk while Thomas Fletcher made off with the money, hiding it under a sofa in his residence and refusing to give it up. Officer Toile, who was working on a case where some small negro boys had taken the wheels off a baby carriage belonging to B. K. Muse Sunday, and having these boys under suspicion, was near their home when Kirk told him of the affair about the dollar.

He went to their home and placing the Fletcher boys under arrest, lodged them in the city jail. They are all under age and will probably be tried in the Juvenile Court before Judge Rice.

WILD PULLEY DOES DAMAGE.

Monday morning about 10 o'clock a pulley used in supplying power to the carrier that brings logs from the float in the river to the saw, at the Limestone Lumber Company's plant, flew off the axle and out through the side of the building. One piece crashed against the board fence back of Mr. Elbert Montgomery's residence, on Second street, and narrowly missed Mr. John Candy, an employee of the saw mill. The other piece flew into the air and crashed down on the roof of Mr. Montgomery's house. Luckily, none of the pieces hit any one, for at the great rate of speed they were traveling serious injury would have resulted.

INJUNCTION GRANTED

Judge Newell Issues Restraining Order Which Will Be Immediately Taken To Higher Court.

On Monday morning Judge Newell rendered his decision in the case of I. M. Lane et als., vs. the City of Maysville, et als., wherein the plaintiffs asked for an injunction prohibiting the laying of certain brick streets and setting forth reasons why the ordinance authorizing the pavement is invalid.

Judge Newell grants the injunction prayed for and holds the ordinance illegal on the ground that it was not adopted by a two-thirds vote of the members-elect of the City Council, as required by law. Following is Judge Newell's decision in full:

Mason Circuit Court.
I. M. Lane et als., Plaintiffs, vs. the City of Maysville, et als., Defendants.
Order.

The application for injunction here in having been made before me and on agreement of parties, notice being waived, and the application being heard and considered, and it appearing on the face of the record herein that the brick street improvement in controversy was ordered by Council, without petition from a majority of the holders of the abutting property. In fact, without any petition from any of the abutting property holders, either a majority or a minority, and it appearing further that two-thirds of the members-elect of the Maysville City Council did not concur in the passage of said improvement ordinance, it is now held, therefore, without regard to the several other contentions respecting the validity of the ordinance in question, that said ordinance is invalid. It is, therefore, now ordered that the defendants, the City of Maysville, Ruh & Schmidt Company and John Exterkamp, be, and each of them is now enjoined and restrained from constructing said improvement, or entering into a contract for the construction of same, or issuing or disposing of improvement bonds under said ordinance, but this injunction shall not become operative until the plaintiffs shall execute to the defendants a bond in the penal sum of one thousand dollars, conditioned in effect that the plaintiff will pay to the parties enjoined such damages as they may sustain, if it be finally decided that the injunction sought here in ought not to have been granted.

Witness my hand, this 28th day of June, 1915. C. D. NEWELL, Judge Mason Circuit Court.

The defendants will take an appeal without delay and their attorneys will prepare a brief and leave this morning for Frankfort to file the documents in the Court of Appeals. It is thought that the Court of Appeals will decide the matter in a few days, as that tribunal will be advised of the importance of an early decision.

PRETTY HOME WEDDING

Miss Anna Bell Howard Becomes Bride of Mr. Norman I. Lee.

The home of Mr. and Mrs. Thomas M. Russell, on East Third street, was the scene on Monday afternoon of one of this season's prettiest weddings, when Miss Anna Bell Howard, the popular and attractive cousin of Mrs. Russell, was married to Mr. Norman I. Lee, of La Crosse, Wis., in the presence of a select gathering of friends and relatives.

The handsome residence was beautifully decorated with field daisies and lilies-of-the-valley and the front parlor, where the ceremony was performed, before an altar of palms and evergreens, was a veritable bower of spring blossoms.

Promptly at 2 o'clock, to the soft strains of the wedding march, the bridal party proceeded down the stairs, through the reception hall, to the front parlor. Miss Elizabeth Holmes, the flower girl, dressed in dainty pink and white, led the bridal procession, accompanied by Master Milton Russell, the ring bearer, clad all in white. Next came the maid of honor, Miss Beatrice Pollitt, of Memphis, Tenn., who wore an exquisite gown of white net, trimmed in green, and carried Killarney roses. The bride and groom followed the maid of honor and proceeded to the altar, where Rev. W. B. Campbell, of the First M. E. church, South, read the beautiful and impressive marriage ceremony, and the bride, who was strikingly handsome in white net, with picture hat to match, trimmed with white heron aigrettes and flowers, was given in matrimony by Mr. T. M. Russell. The groom wore a well fitting black cutaway, with gray trousers.

Immediately after the ceremony most delightful refreshments were served in the spacious dining hall amid congratulations, good wishes and health to the bride.

Miss Howard is one of Maysville's fairest daughters, who, by her charming personality and gracious manner, has surrounded herself with a host of friends and admirers, who, while they hate to give up her jolly companionship which has ever meant so much to the younger social gatherings, are unanimous in their congratulations and in wishing to her the success and happiness she so richly deserves.

The groom is the son of Mr. Otto Lee, of La Crosse, Wis., and is the traveling representative of Swift & Company, of Chicago. He already bears an enviable reputation amongst his business associates and since he has resided in Maysville, has, by his earnestness of manner and exemplary character, won the admiration and esteem of those who have had the pleasure of his acquaintance.

The popular young couple were the recipients of many beautiful and costly presents in silver and cutglass, that testify to the high regard in which they were held by their many friends.

Mr. and Mrs. Lee left over the C. & O. on Monday afternoon for a bridal trip through the west, after which they will return to Maysville, where they will reside permanently.

ACCIDENT DELAYS PUMPING AT THE DAM.

A large leak in the supporting walls of the cofferdam at Dam No. 33, above this city, has delayed the work of pumping the cofferdam dry, preparatory to building the cement locks. The leak was first noticed Monday morning and before the men could reach it to make the necessary repairs, it had grown to a ten-inch stream. With this amount of water rushing in, the work of pumping has gone on very slowly and it will be a few more hours before the dam will be pumped entirely dry.

The filler of the cofferdam, which is sand, has proved unsatisfactory, as the seepage is great, but because of the scarcity of clay, the contractors had to resort to the use of sand, which is now causing them much trouble and delaying the work considerably. Another pump was added to the five already pumping, which brings the capacity of the pumps up to 10,000 gallons of water a minute. With this great outflow of water the dam will, barring further accidents, be pumped out within the next forty-eight hours.

After the bottom is allowed to dry, the work of driving the piles for the foundation of the lock system will begin. This lock it is hoped, will be completed this summer, when the cofferdam will be torn down and removed to the Ohio side of the river, where it will be rebuilt and work on the bear traps and body of the dam will be done.

Mr. and Mrs. Eugene Merz and nephew, Myron, will leave on the Cincinnati Chamber of Commerce train for the Panama-Pacific Exposition at San Francisco, Wednesday. The tour will include all the principal points of interest through the west.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

PREPARING FOR BIG WEEK.

Superintendent Beecher Holliday has a large force of laborers at work in beautiful Beechwood Park, getting this pretty spot in shape for the big week of the Chautauqua. The grass is being cut, benches painted, walks cleaned and other straightening up is being done so that when the Chautauqua opens the park will be in first-class condition.

NEARLY READY FOR OCCUPATION

The handsome dwelling of Mr. C. P. Dieterich, the florist, on East Third street and Dieterichs lane, is nearly ready for occupation. The house is a beautiful frame structure of two stories, with cement and brick trimmings. When finished Mr. Dieterich will have one of the most beautiful homes in this vicinity.

RECRUITING STUDENTS.

Mr. P. J. Hughes, of Danville, is in this city recruiting students for Center College.

Center is hoping to have a very successful year again this term, and has a large force of men out recruiting prospective students. This college is one of the leading educational centers of the south.

Mr. Charles Conrad and family returned Monday after a weeks stay with relatives in Fleming county.

RELIC OF PAST DAYS.

Saturday quite a sensation was given the people along Second street, the cause being the appearance of a pair of mules driven to a runabout.

In this generation of automobiles, the mules made an odd appearance and many stopped and turned to watch this relic of days gone by, when driving a team of mules to a vehicle was as common as automobiles are now.

FIFTY WAGON.

The M. C. Russell Company have a nifty delivery wagon, the repair work on which was done by White & Gilp, which speaks well for the ability of this firm.

How Can a Man Be a Thermometer?

It was a cultured lady who said that her brother-in-law living in New England was her thermometer.

She said, "I always go to him for advice, and I never go wrong when I do what he tells me."

In one sense this store is a thermometer. Day by day it makes the proper prices for merchandise.

It also shows the various classes of goods suitable for all the temperatures.

Just now the thermometer points to Summer heats and the best articles for warm weather.

A great many things are just now at zero prices.

We are replenishing all over the store these days, and sales are rapid.

MEERZ BROS.

Sunshine Brand Cakes and Biscuits

We now have the agency for this superior line of cakes in bulk and packages. Come in and let us show you this new line.
